

## SESSION OF COMMISSIONERS IS SHORT ONE

LISTEN TO DISCUSSION ON THE BLOCKADING OF COUNTY ROAD.

The county commissioners rooms at the court house were crowded yesterday afternoon by parties interested in the petition that had been presented to the board relative to the closing of a street near the Red Plume mine by the mine dump. The board after examining a plat of the district and conferring with Fire Chief W. J. Sinclair, announced that the petition was faulty but if a second one was presented to them, drawn up to comply with the law, it would be considered.

Should the board decide that the road is being obstructed and order that the mine shall not use it as a dumping ground, it is probable that operations at the Red Plume will have to be suspended. The board was only in session about two hours, having convened late in the afternoon.

## PIONEER OF TONOPAH PASSES AWAY AT BLAIR

WILLIAM OWSLEY SUCCEUMBS AFTER SHORT ILLNESS. FUNERAL TODAY.

J. F. Owsley, of Wichita, Kansas, arrived Sunday en route to Blair to attend the funeral of his son, William A. Owsley, who passed away in that camp last week from angina pectoris. Mr. Owsley was unable to make the trip Sunday owing to the fact of there being no train connections. The funeral will be held today.

The deceased is survived by his father, mother and a wife. He was well known in Tonopah having been in the saloon business here during the early days of the camp. Several years ago he moved to Blair where he has since resided. At one time he was a resident of Carson where he was in business.

## COLD WEATHER DOES NOT AFFECT THE BUTLER

CROWDS CONTINUE TO TURN OUT AND WITNESS GOOD PICTURES.

Despite the bad weather last night a large crowd enjoyed a very good show at the Butler theater. Today there will be an entire change of program at which time another good and interesting program will be shown. The following subjects will be shown: "Tricky Dummies," comedy; "Farmer's Treasure," drama; "Birth of Christ," Biblical; "Agriculture in Hungary," Educational, and a big American Biograph drama, "On the Reef." This is a very interesting drama, acted only as the Biograph actors can. This and other interesting facts will be portrayed in this interesting drama. To enjoy a good show and spend a comfortable hour you should visit the Butler today as this program is on for today only, with an entire change tomorrow.

WILL FACE TRIAL FOR STEALING HIGHGRADE

The case of W. B. O'Connell, who entered the room of Sheriff J. J. Owens Saturday and carted away a collection of valuable specimens, was postponed yesterday and will come up today in the justice court. A number of the specimens have been recovered but a few of the most valuable are still among the missing.

BUT IT IS LOVELY.

Some of the nicest, sweetest mud one ever saw can be had for the asking and a whole lot of it without to asking on our main street. There has only been a fair-sized fortune spent on the principal street of Tonopah, but that is not saying that the street is a model by any means.

## VELOCITY OF WIND WAS NEARLY MILE A MINUTE

TWO BUILDINGS ARE SLIGHTLY DAMAGED YESTERDAY DURING STORM.

During the high wind yesterday afternoon a velocity of 54 miles was attained at 3:30 in the afternoon. However, along about the noon hour the speed and force of the wind was such that one of the stone chimneys on the residence of Arthur Raycraft on Brougher mountain, was wrecked. Fortunately the damage was slight. The front of the building on Erie Main street occupied by L. Conley as a paint shop, was blown completely out, leaving the interior exposed to the elements. The wrecked portion of the building was soon repaired by a force of carpenters. A number of fences were blown down but with all the damage the loss will be slight as the wreckage will be easily repaired.

## ARRESTED ON A WARRANT ISSUED TWO YEARS AGO

DEATH OF COMPLAINING WITNESS CAUSES RELEASE OF PRISONER.

C. Zepter was arrested by Chief of Police Malley on a warrant issued several years ago. The charge was embezzlement and the complaint was lodged by T. Eckles, who formerly conducted the Tonopah laundry.

When taken before Judge Atkinson yesterday, Zepter was dismissed as there was no evidence to hold him. Eckles, the complaining witness, died about a year ago and the books of the laundry were destroyed by fire. This was Zepter's first visit to Tonopah since the warrant was secured, which had been reposing in the chief's office during that time.

JUDGE FARRINGTON IS RECOVERING

Judge F. E. Mack of Reno received a letter Friday from United States Judge Farrington, who has gone from the hospital in San Francisco to southern California to recover from his recent operation for varicose veins. His right limb is encased in rubber which must be worn until the new veins adjust themselves. The judge expects to be back to Carson City to hold court on the first Monday in March.

Come to the Butler today and see how they farm in Hungary.

## BASKETBALL TEAMS TO MEET WEDNESDAY EVE

HIGH SCHOOL LADS WILL PLAY DOWNTOWN ORGANIZATION.

A basketball game is scheduled for Wednesday evening at the Miners' Exchange hall between the teams of the high school and the Tonopah Basketball club. The high school aggregation have been practicing nightly ever since the season opened and are confident of defeating their antagonists. Their team will be strengthened by the addition of Arthur Boggs, who has been playing forward on the club team, and who is considered one of the best players in the city. The game will start at 8:30 o'clock and will be followed by dancing.

On Friday evening the high school lads will play the team from the Goldfield high school in the southern city. This will be the first of a series of games between these two teams and an early return game will soon be played in this city.

COMING WEST.

Andrew Carnegie is preparing to make a tour of California. The officials of the Santa Fe have received directions as to its handling his private car. He will leave Chicago with a party of friends next Thursday and will arrive in Los Angeles the following Friday.

## COMPTROLLER MURRAY PRAISES

the national banks of the country in a recent report as follows: "I can say that for honesty of purpose, for painstaking devotion to the heavy duties and responsibilities placed upon them, for keen business ability and devotion to the interests of the nearly six million depositors, for the wise handling of assets of the banks, in round numbers nearly ten billions of dollars, the officers and directors of these seven thousand national banks as a whole have no superiors in any corporation in the world."

This is a strong recommendation for THE 7,000 NATIONAL BANKS from the comptroller of the currency—a man who has the best possible means of knowing their condition and the general efficiency of their management. We modestly take our share of this praise because we know that in every respect we are complying with the government regulations and that we go beyond the legal requirements to make this institution a safe and reliable one for all our depositors and customers.
